Dedication

The class of 1964 dedicates their annual to Fair Oaks School and its graduates. Since about 1918 the high school has been a center of community activity in Union Township. In addition, it has helped to mold the lives of hundreds of young people, 691 having been graduated by May of 1963. These graduates now live from Alaska to Texas, from Pennsylvania to California, taking a little part of Fair Oaks School with them to the distant states. If they help to make these communities better places in which to live, Fair Oaks School has justified its existence and will be remembered long after the school has ceased to exist.
